

A WAR IS BREWING, THE MIDDLE EAST USING DUALISM OF "HEGELIAN CONFLICT"

PM Erdogan wins Turkey's presidential election

With Erdogan's win today in first election their election worries concerning democracy, liberties and Sharia have only begun.

Tayyip Erdogan is set to secure his place in history as Turkey's first popularly elected president, but Joel Flynn asks how his tightening grip on power has polarized the nation, worried Western allies and raised fears of creeping authoritarianism. With U.S. "Midwifing" Ukrainian crisis to overthrow EU will Turkey be granted admission into European Union? One of main accomplishments of WWI was taking down last of Turkish Ottoman Empire. After WWI the capital Constantinople changed to Istanbul. Will "Istanbul Process" replace "Washington Consensus"?? Erdogan reported vowing to rewrite Turkey's Constitution if elected president. If the gradual encroachments to democracy in Turkey favoring Islamic Sharia Law the result will be "Head of Turkish-Ottoman Empire revived.

Is there an obvious war brewing between Israel, Syria and Turkey? Will Putin continue with Assad or unite with Erdogan? For those who don't understand when Britain surrendered to George Washington during Revolutionary War this was called "Washington Consensus".

Hegelian Dialectic – The No.

1 Tool of the Illuminati - with examples Iron and Clay do not mix as seen in Daniel's interruption

Hegelian Dialectic Chaos Theory. Thesis vs. Anti-Thesis = Synthesis

Gen. Clausewitz "On War" created "Chaos Theory" Hegelian Dialectic: Problem, Reaction, Solution New World Order Psychology: It works, since hundreds, if not thousands of years thanks to scientific effective methods

Are we seeing “Hegelian Conflict” at play to achieve “End state” of Unification of Political and Religious Powers?

The Hegelian Dialectic is the framework for guiding our thoughts and actions into conflicts that lead us to a predetermined solution. When we remain locked into dialectical thinking, we cannot see out of the box. so we must step outside the dialectic to be released from the limitations of controlled and guided thought. Dialogue is the primary tool of the dialectic, and terror and intimidation are also acceptable formats for obtaining the goal. Today the dialectic is active in every political issue that encourages taking sides. We can see it in environmentalists instigating conflicts against private property owners, in democrats against republicans, in greens against libertarians, in communists against socialists, in neo-cons against traditional conservatives, in community activists against individuals, in pro-choice versus pro-life, in Christians against Muslims, in isolationists versus interventionists, in peace activists against war hawks. No matter what the issue, the invisible dialectic aims to control both the conflict and the resolution of differences, and leads everyone involved into a new cycle of conflicts.

While America is focused on latest obvious orchestrated crisis via our unguarded border. The U.S. funded war is brewing between Israel and Turkey and our state

controlled media says nothing.

Obama was "restrained" by the constitution last year preventing him from sending troops to Syria to take down Assad.

Due to America's Fundamental Foundations on Christianity The biggest mistake Americans have made is not looking at the "War on Terror as a "Holy War".

"If you know the enemy and know yourself, you need not fear the result of a hundred battles. If you know yourself but not the enemy, for every victory gained you will also suffer a

Erdogan Waves Finger at Obama During Heated White House Talk

Erdogan’s plot almost worked! In the aftermath of the sarin attack, Pres. Obama began planning a massive US strike on dozens of Syrian targets, even though British intelligence had informed the US joint chiefs of staff that samples of the sarin gas obtained from the site of the attack did not match the chemical weapons in Syria’s possession. A former US intelligence official told Hersh that “Erdogan was known to be supporting the al-Nusra Front, a jihadist faction among the rebel opposition, as well as other Islamist rebel groups.” Hirsh revealed that the US Defense Intelligence Agency had issued “a highly classified” document on June 20, 2013, confirming that “Turkey and Saudi-based chemical facilitators were attempting to obtain sarin precursors in bulk, tens of kilograms, likely for the anticipated large scale production effort in Syria.” After a special UN mission went to Syria to investigate two earlier chemical attacks in Spring 2013, a person with close knowledge of UN’s activity told Hersh that “there was evidence linking the Syrian opposition to the first gas attack, on March 19 in Khan al-Assal, a village near Aleppo... It was clear that the rebels used the gas.” <http://asbarez.com/121889/erdogan-waves-finger-at-obama-during-heated-white-house-talk/>
