January 8, 1947

Friends and supporters of Planned Parenthood throughout the nation will be delighted to know of the plans for the first nationwide campaign which will begin February 10

This means the "coming of age" of our organization - made possible by the loyal interest and support of friends like you. The enclosed pamphlet "The Nation's Strength" outlines our plans and our objectives. Over a hundred committees are joining in this nationwide educational and fund raising effort. The results, I believe, will not only mean obtaining sufficient funds but will mark the first major step in integrating Planned Parenthood in the health and welfare services of the country.

Jeb Bush recently announced that he was forming an exploratory committee to pursue the presidency in 2016. Those who are nostalgic for another Bush in the White House should take the time to read documented [facts about this family](#). Research the troubling information which includes Prescott Bush serving as the national treasurer for Planned Parenthood founder Margaret Sanger in 1947, his ties to the Fascist Coup which included attempting to enlist [Gen. Smedley Butler to overthrow the presidency](#), and Bush 41's grandparents on both sides participating in racial hygiene (aka Eugenics Societies).

While he was president, George H.W. Bush pardoned Armand Hammer, whose father was a founding member of the American Communist Party and close friend of Soviet leader Vladimir Lenin. Consider the fact that the [Bush family regards Bill Clinton as their “son by another mother”](#) whom they frequently take on vacation. The [Bush daughters openly encouraged Hillary Clinton to run for president in 2016](#) and they are [frequent visitors to the Clinton Global Initiative](#). Last year [Jeb even presented Hillary with an award](#) from their joint venture, the National Constitution Center. It should be referred to as the ANTI Constitution Center...Then there is the [Common Core monopoly, and the profits that Jeb Bush is enjoying](#) as a result. The Bush family is pro immigration, with [Jeb referring to illegals coming here as “an act of love.”](#) Could it be because his own wife is a Mexican national, who still cries when she hears the Mexican national anthem? Major supporters of the NAU corridor from Mexico through Texas going up to Canada.

Listed below are articles containing documents obtained from the National Archives and other supporting information which demonstrates that there are MANY reasons to reconsider voting for another Bush.

[Bush-Nazi Link Confirmed Documents in National Archives Prove George W. Bush’s Grandfather Traded with Nazis – Even After Pearl Harbor](#)

“After 60 years of inattention and even denial by the U.S. media, [newly-uncovered government documents in The National Archives and Library of Congress reveal that Prescott Bush](#), the grandfather of President George W. Bush, served as a business partner of and U.S. banking operative for the financial architect of the Nazi war machine from 1926 until 1942, when Congress took aggressive action against Bush and his “enemy national” partners. The documents also show that Bush and his colleagues, according to reports from the U.S. Department of the Treasury, tried to conceal their financial alliance with German industrialist Fritz Thyssen, a steel and coal baron who, beginning in the mid-1920s, personally funded Adolf Hitler’s rise to power by the subversion of

democratic principle and German law. Furthermore, the declassified records demonstrate that Bush and his associates, who included E. Roland Harriman, younger brother of American icon W. Averell Harriman, and George Herbert Walker, President Bush's maternal great-grandfather, continued their dealings with the German industrial tycoon for nearly a year after the U.S. entered the war."

THE BUSH DOCUMENTS FROM KITTY KELLY: BLOCKBUSTER PROOF OF TIES TO PLANNED PARENTHOOD, EUGENICS, HITLER'S BANK, AND MORE...

"Prescott Bush and the Nazis: Union Banking Corporation

Prescott Bush, later U.S. Senator and George W. Bush's grandfather, was a director of Union Banking Corporation, which in October 1942 was seized by the Office of Alien Property acting "under the authority of the Trading with the Enemy Act, as amended, and by Executive Order 9095, as amended." This has been the basis of charges on the internet and elsewhere that Prescott Bush had been engaged in illegal, perhaps even treasonous, relations with the Nazis. These charges are based on a misunderstanding of a sequence of events. Prescott Bush's relationship with Union Banking was legally beyond reproach, though its duration into the late 1930s raises ethical questions.

The Wall Street firm Brown Brothers Harriman, of which Prescott Bush was a partner, was linked to the rise of the Nazi regime through Fritz Thyssen, a German industrialist known to be a supporter of Hitler before Hitler became chancellor of Germany in January 1933. United Banking Corporation was founded in 1924 to manage Thyssen's U. S. investments. Several Brown Brothers Harriman partners, including Prescott Bush, served as directors of Union Banking. In March 1933 Hitler became dictator of Germany; in July of that year, he appointed Fritz Thyssen economic "czar" of the industrial Rheinland-Westphalia region. Thyssen finally broke with Hitler in December 1939, after Hitler had begun World War II in Europe.

Although Hitler's promulgation of the Nuremberg Laws in 1935

and subsequent anti-Jewish measures taken by the German government did not cause Prescott Bush and his fellow Brown Brothers Harriman partners to disengage from Union Banking, the directors found themselves in an embarrassing position with the outbreak of a war in which the U. S. might become involved. Union Banking had been established as a subsidiary of a Dutch bank controlled by Thyssen's family. When the Netherlands surrendered to the Germans in May 1940, the U. S. government froze all Dutch assets in the United States, including Union Banking's assets, to protect them from the Nazis.

Despite their best efforts to extricate themselves, Prescott and his associates carried on as directors of Union Banking, operating under the supervision of the Treasury Dept., and a front page story in the *New York Herald Tribune* on July 31, 1941 publicized their connection with Union Banking. In November 1941 the U. S. government reclassified Union Banking as a German-owned business. Following U.S. entry into the war after the attack on Pearl Harbor, President Franklin Roosevelt issued Executive Order 9095 which established the Office of Alien Property and empowered the Alien Property Custodian to confiscate businesses owned by enemy nationals, a category that included Union Banking."

Prescott S. Bush as Treasurer of Planned Parenthood First National Fundraising Drive-1947

[Planned Parenthood fundraising letter of January 8, 1947, lists Prescott S. Bush as treasurer of Margaret Sanger's first national fundraising drive.](#) At that time, contraception was against the law in Connecticut, and the state had a large Catholic constituency. In 1950, during Prescott's first race for the U.S. Senate, the syndicated columnist Drew Pearson accused Bush of being a member of Planned Parenthood. Bush lost and accused Pearson of spreading the lie that cost him elected office. This fund-raising letter proved Pearson right.

Chapter 3 – Race Hygiene: Three Bush Family Alliances

“We shall examine here the alliance of the Bush family with three other families: *Farish, Draper* and *Gray*.

The private associations among these families have led to the President’s relationship to his closest, most confidential advisers. These alliances were forged in the earlier Hitler project and its immediate aftermath. [Understanding them will help us to explain George Bush’s obsession with the supposed overpopulation of the world’s non-Anglo-Saxons](#), and the dangerous means he has adopted to deal with this “ problem. ”

[Bush, Abortion and Racial Eugenics: The Real Story](#)

“Many of the corporate-funded right-wing foundations promoting family values in America -which are the sponsors of GW Bush and virtually all of his cabinet nominees – are advocates of eugenics, or as it is variously known, population control or scientific racism. The true picture of their own and the Bush families’ views on abortion and race – and of their direct links to groups like Planned Parenthood – is one of the least reported on news stories of the past few decades. At the dawn of the Twentieth Century American industrialists became alarmed at the rate of population growth among minorities and the poor. Millions of immigrants were arriving each year in America, dramatically changing the racial and ethnic profile of this nation. At the same time, southern Blacks were migrating north in unprecedented numbers. Fearful of the emerging union and social rights movements, of minorities vastly outnumbering white Americans or of a Marxist revolution, these industrialists saw eugenics as the solution. [Men like Rockefeller, Henry Ford, Andrew Carnegie, JP Morgan,](#)

Andrew Mellon, Averell Harriman, the Pioneer Fund's General W. Draper and Prescott Bush began funding a movement to promote abortion, sterilization and euthanasia as a means of addressing this emerging "problem". Planned Parenthood founder, Margaret Sanger, was a driving force in the eugenics movement”

DOSSIER: THE SECRET HISTORY OF ARMAND HAMMER

by Edward Jay Epstein

“Armand Hammer was one of the odder, more odious characters of American business and politics, “famous” chiefly because he was rich enough to promote his mammoth ego. He has met his match in investigative writer Edward Jay Epstein, who performs the ultimate unmasking of a man who deceived, even betrayed, his country, his family and the hired toadies who posed as his friends.”

Bush pardoned Armand Hammer, son of the founder of American Communist Party, Julius Hammer

Sins of the Father: Armand Hammer and the Gores

“Armand Hammer was born in 1898 to Julius Hammer, a Ukrainian Jew who emigrated to America in 1890. Julius joined the Socialist Party in 1892. He named his son Armand in honor of

the Socialist Party symbol when in conjunction with the family last name. [Julius managed to meet Lenin](#) in 1907. Armand graduated from Columbia in 1917, and two years later, J. Edgar Hoover opened up a file on him because of his Russian connections... and because Julius was a [founder of the Communist Party USA](#). Julius went to jail for a botched abortion that Armand performed despite not being a doctor, and [Armand took over the family business](#). From here, Armand went to Russia for a decade where he wins concessions for business from Lenin, building a fortune. Armand Hammer would form Occidental Petroleum and make millions.

This would be the normal life for a businessman in the growing American industrial powerhouse if not for the odd Soviet connections. Then there is the Gore connection.”

ARMAND HAMMER PARDONED BY GEORGE BUSH

President George H.W. Bush [pardoned](#) the son of Julius Hammer, the founder of the American Communist Party.

THEN THERE IS JEB BUSH..

[“Former Florida Gov. “Jeb” Bush, grandson of the late U.S. Sen. Prescott Bush](#), whose assets were seized in 1942 for business dealings with the Nazis under the Trading with the Enemy Act, announced Tuesday that he would “actively explore” a campaign for the 2016 Republican Presidential nomination.

His grandfather, U.S. Sen. Prescott Bush, was a director and shareholder of companies that profited from their involvement with the financial backers of Nazi Germany, the *London Guardian* has reported. The *Guardian* obtained [confirmation files](#) discovered in the U.S. National Archives in 2004 that a firm of which Prescott Bush was a director was involved with the financial architects of Nazism. His business dealings, which continued until his company’s assets were seized in 1942 under the Trading with the Enemy Act, led to legal action by the family of a slave laborer from Auschwitz.

The evidence has also prompted one former US Nazi war crimes prosecutor to argue that Prescott Bush's action should have been grounds for prosecution, for giving aid and comfort to the enemy. The case was reviewed by Ben Aris and Duncan Campbell of *The Guardian* Washington Bureau, in an article titled, "[How Bush's \[George W. and Jeb's\] grandfather helped Hitler's Rise to Power](#)," on Sept. 25, 2004.

Jeb Bush is also a founding member of the [Project for a New American Century \(PNAC\)](#) established in 1997, with war hawks including Dick Cheney, who has defended torture for which the Japanese were convicted of war crimes after World War II."

BBC: Bush's Grandfather Planned Fascist Coup In America

New investigation sheds light on clique of powerbrokers, including Prescott Bush, who sought to overthrow U.S. government and implement Hitlerian policies

"A BBC Radio 4 investigation sheds new light on a major subject that has received little historical attention, [the conspiracy on behalf of a group of influential powerbrokers, led by Prescott Bush, to overthrow FDR and implement a fascist dictatorship in the U.S. based around the ideology of Mussolini and Hitler.](#)

In 1933, [Marine Corps Maj.-Gen. Smedley Butler was approached by a wealthy and secretive group of industrialists and bankers, including Prescott Bush](#) the current President's grandfather, who asked him to command a 500,000 strong rogue army of veterans that [would help stage a coup](#) to topple then President Franklin Delano Roosevelt.

[According to the BBC](#), the plotters intended to impose a

fascist takeover and “Adopt the policies of Hitler and Mussolini to beat the great depression.”

The conspirators were operating under the umbrella of a front group called the American Liberty League, which included many families that are still household names today, including Heinz, Colgate, Birds Eye and General Motors.

Butler played along with the clique to determine who was involved but later blew the whistle and identified the ringleaders in testimony given to the House Committee on un-American Activities.

However, the Committee refused to even question any of the individuals named by Butler and his testimony was omitted from the record, [leading to charges that they were involved](#) in covering the matter up, and the majority of the media blackballed the story.”
